Hanami (cherry-blossom viewing) tour

Kumamoto castle is one of the popular spot for Hanami flower viewing. Many tourists and local residents come to the castle to enjoy cherry blossom viewing, not only daytime but also evening during the season. Illuminated cherry blossoms at night are fantastic and beautiful.

In ISA 2018 Hanami tour, there will be some special performance, Taiko drum and dance in the Sakura no Baba Josaien area. The Sakuranokoji Shopping Arcade will offer many local food-stands for ISA participants! You can enjoy Japanese festival atmosphere.

There is a congress bus from KKR Hotel Kumamoto to The Sakura No Baba Josaien). Also, Kumamoto castle walking tour goes to The Sakura no Baba Josaien. The tour starts from directly after the symposium on 27th March, around 5:00PM. The distance is 1km. Local English tour guide will attend.

There's nothing quite like the cold, crisp taste of a beer right after a workout!

End of March in Kumamoto is still cold at night. Please make sure to bring a warm jacket. Good shoes for walking tour participants.
